

## **Diocesan Questionnaire preceding the episcopal search process 2021**

**Timeline:** Please answer this questionnaire by **June 30<sup>th</sup>**. All responses will then be forwarded to the Dean by Archdeacon Toth.

**Rationale:** The establishment and work of the Episcopal Search Committee, given the canonical time constraints, will not be until early July, at which point that body will be compiling information and forming a diocesan profile. In anticipation of this occurring, this questionnaire is being circulated to all congregations in the diocese by the regional archdeacons on behalf of Dean Mike Sinclair. Responses are requested from clergy, wardens, and any church member who wishes to respond. It is your decision as clergy and wardens how you organize getting responses and whether you want it done by individuals, your vestry, a congregational discussion, etc. There will be likely be further opportunity to contribute to the information forming the profile, but this is meant to give the future search committee a bit of a head start.
